Member spotlight: **Oregon Solar Energy Industries Association**

OSEIA

The Oregon Solar Energy Industries Association is the NW Energy Coalition's newest organizational member. A solar energy trade association, OSEIA collaborates with utilities, legislators, non-profits and academics to promote solar development in Oregon.

OSEIA engages in community education, legislative and regulatory advocacy, market expansion and industry support. It is a crucial organizing association for solar industry professionals in Oregon.

Solar policy agenda

OSEIA is taking suggestions from the public as it develops its solar policy agenda for 2017. This exercise helps OSEIA think strategically about which policies to pursue. To add to this crowdsourcing effort, [follow this link](#).

Community solar

Currently, OSEIA is urging Oregon's Public Utility Commission to establish a community solar program that
